

I am so impressed with the quality of the paint and body work that you and your team performed on my Daytona coupe. This car is a sparkling jewel! I was out in the garage all night last night with a glass or 5 of wine lol. There is not a single flaw anywhere. Dave and the boys are true craftsmen. When I take it to car shows this summer I will gladly tell people who did the paint work.

Thank you again for everything.

God Bless

Andy Dimartino
